

GUARDIAN ANGEL

Tupelo

PSALMS 34:7

*His angel guards those who
have reverence for the Lord.*

In recent years angels have become very popular in TV shows, jewelry, and most art forms. I thought, if it was possible, I would like to have my very own angel sitting and watching over me. I didn't want a flying angel, flitting all around, but a quiet one that would just be near.

I chose tupelo wood for the angel because of its whiteness and for its strength. I knew the wings would be wide and thin and would probably have some rough handling along the way. I chose mahogany for the base to provide some contrast and also to add warmth by its rich color.
